

# Massage for People Living with Cancer

*A 3 Day Workshop with Gayle MacDonald*

Know anyone who has been touched by cancer? Touch back!

More massage therapists are needed who can directly improve the quality of life for people living with this common ailment. Take the mystery out of cancer massage by learning from the expert who literally wrote the book (Medicine Hands: Massage Therapy for People with Cancer). We are fortunate to have international instructor and author, Gayle MacDonald, MS, LMT return to Ashland next month to teach her foundation course.

**Presented by**  
**Ashland Institute of Massage**
